

Sterile Osteotomes

Always Sharp. Always Ready.

Our medical grade stainless steel osteotomes are ideal for orthopedic surgery. Each instrument is individually sterile packed and intended for single use, eliminating reprocessing cost and always ensuring a sharp, precise instrument.

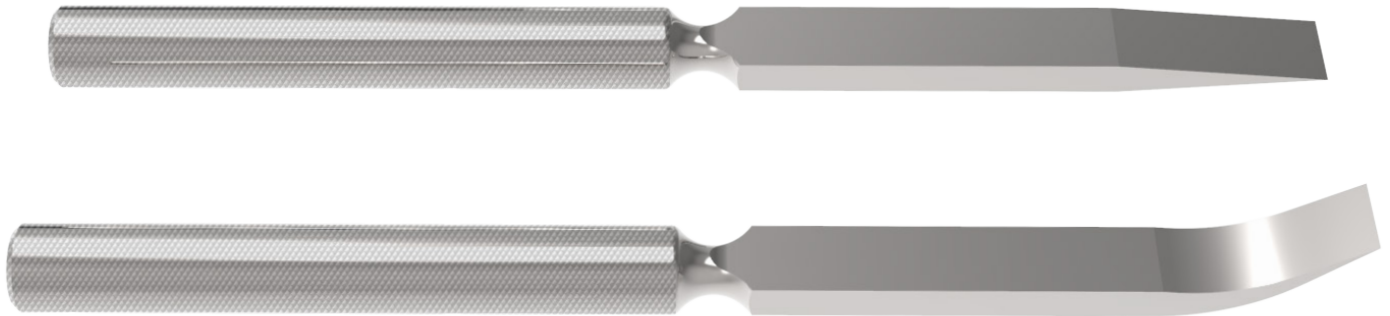

Sterile Osteotomes

Advantages of single use

- Always sharp
- Always ready to use
- Improves inventory management
- Reduces OR setup time
- Reduces instrument clean-up
- Reduces sterilization costs

Straight Osteotomes

Available in 4, 6, 8, 10, 12, 15, 18, 20mm

Curved Osteotomes

Available in 4, 6, 8, 10, 12, 15mm
